Homebuilders to Hear Bart Lytton Tomorrow

The Young Home Builders Council will begin its 1968 activities tomorrow evening, featuring as guest speaker Bart Lytton, president and chairman of the board of Lytton Financial Corp. and Lytton Savings and Loan Association.

The meeting will be held at the Rodger Young Auditorium in Los Angeles, beginning at 6 p.m.

According to John Donnell, 1968 YHBC president, Mr. Lytton's vast experience in the financial world in general, and in the building industry in particular, promises that his talk will have special significance to the members of our group.

The Young Home Builders Council is the educational arm of the newly-formed Building Industry Association.

Lytton established the Lytton Co. in 1948 and since that time has built it into the largest mortgage brokerage in the West, and the second largest in the United States. He is head of a statewide lending institution with assets totaling three-quarters of a billion dollars.

Lytton is a frequent guest lecturer at Harvard, Yale, and Stanford Graduate Schools of Business. At the latter institution he holds the title of visiting professor in architecture and urban design.

Increase in Profits Reported

A substantial rise in net operating earnings was confirmed today by President R. A. Peterson in the release of Bank of America's consolidated year-end figures.

Net operating earnings during 1967 reached a record \$30,269,000 or \$4.57 per share on the 28,480,765 shares outstanding, as compared with \$18,104,000 or \$4.15 per share during 1966 — an increase of 10.3 per cent.

"1967 was a banner year for Bank of America both nationally and internationally despite economic crosscurrents and uncertainties on a global scale," said Peterson.

Total deposits rose to \$19,938,000 and loans increased to \$12,173,981,000 representing a deposit gain of 9 per cent and loan growth of 6 per cent since a year ago.

Total resources reached \$1,455,400,000 an increase of 10 per cent.

During the year, 41 new branches were opened in California and 19 new branches were established overseas.
